Dear Sir
In reference to yours of the 10 inst, will state that the said Max Mason, (Colored) did work for us a number of years ago. We did his father occasionally, the family lived close to us. Father & mother, both dead, two (2) sisters live at Loma Creek, Ala. ~~They~~ are well thought of by White & Colored - in fact they come of a good class of darkies, the only fault we could see, when any one imposed on them they would fight ^{but not inclined to give trouble to anyone} the father the same, but otherwise they were industrious, polite, honest & always ready to help any one when in a tight, the sisters both think the world of each one of the family. Trusting this communication will be of some benefit to you. I beg to remain
Yours Respt
Thomas L. Marshall
